

Cimi-Shield® Green Bed Bug Control

Green Bed Bug Control with 12-Month Residual

"It was probably one of the worst bed bug infestations I've seen," says Coony. His team treated with Cimi-Shield and conducted a seven-day follow-up. "They haven't had any activity since, and that was 12 months ago. The facility was so pleased with the results, it hired us to manage three additional facilities."

Peter Coony, President
